<p align="center">Important Information about each Plan</p>	<p>Each family member must select a participating DeltaCare USA dentist from their provider directory and have all dental services performed by that dentist. (Each member must designate a primary dentist. Households can elect up to 3 different offices across family members.) If you go to a dentist other than your selected network dentist, you and/or your dependents will have <i>no coverage</i> for those services rendered, except for certain dental emergencies.</p> <p>There are no claim forms to fill out, and the Trust Fund pays DeltaCare directly for your dental care needs.</p>	<p>Benefits are paid based on contract allowances. You may visit <u>any</u> licensed dentist; however, you will receive the maximum benefits available <u>only</u> when you choose a Delta Dental PPO contracted dentist (refer to the PPO Directory). If you choose an out-of-network dentist (<i>Delta Dental Premier contracted dentists are considered out-of-network</i>) plan benefits are reduced.</p> <p>You will still benefit by selecting a Delta Dental Premier[®] dentist, however Premier contracted fees are usually somewhat higher than PPO contracted fees. Premier dentists cannot bill you above those fees, so you will usually save more compared to a non-Delta Dental dentist.</p> <p>Members visiting a non-Delta Dental dentist are responsible for submitting claims directly to Delta Dental for processing. Any plan reimbursement is paid to member.</p>
