Effective January 1, 2003, the Retiree Fee-for-Service and Medicare Supplemental Plans were eliminated for Retirees (and their dependents), with the exception of Retirees (and their eligible dependents) who, as of December 31, 2002, did not reside in an area covered by one of the contracted HMO Plans, and they retired prior to January 1, 2003. These retirees and their eligible dependents shall be eligible for the Medicare Supplemental and Fee-for-Service Plans, but only while they continuously reside outside any of the Plan's contracted service areas, the retiree remains continuously retired and the required self-pay contribution is made on a timely basis. If you move into a covered service area, become eligible for a Medicare Advantage HMO or Medicare Advantage PPO plan in your area due to newly acquired Medicare eligibility, or a non-FFS/non-Medicare Supplement Retiree Health Plan option becomes available in your area, you will be required to enroll in an HMO or Medicare Advantage PPO at that time.

The Fee-for-Service Plan (also referred to as Indemnity Plan)- is a comprehensive major medical plan which allows you to use any licensed doctor and medical facility. All claims for services incurred must be submitted to the Administrative Office for processing and payment. There are deductibles to be met and out-of-pocket expenses for most care received.

The **Medicare Supplemental Plan** provides benefits only for services and supplies covered by Medicare, with one exception. Medicare does not provide coverage for prescription drugs unless you are enrolled in Medicare Part D, however, the Medicare Supplemental Plan provides coverage for maintenance medications.

Under this Plan, you may use *any* licensed doctor and medical facility. However, if you use a provider who does not accept Medicare's assignment, the Medicare Supplemental Plan will not pay for any charges which exceed Medicare's allowable limit.

The **Medicare Advantage Plan** participant authorizes Medicare to pay their benefits directly to the insurance company and the insurance company decides how benefits are covered under each plan for Medicare Part A and B benefits. Generally, coverage under a Medicare Advantage plan is more generous than the coverage provided through Original Medicare. Most Medicare Advantage plans also include Medicare-approved prescription drug coverage.

## Your Monthly Self-pay Contribution

Please refer to the "Retiree Self-Pay Rates for Calendar Year 2024" for your appropriate monthly self-pay contribution. These rates are current as of the printing of this material, and are subject to change. All rates are currently based on the retiree's years of Pension Credit, and whether the retiree and/or his eligible dependents are eligible for Medicare.

Self-pay contributions will be deducted from your monthly pension benefit check. If your pension benefit is not large enough for the self-pay deduction, however, you will be required to remit monthly payments to the Administrative Office, in order to continue coverage under the Retiree Health Plan. All payments for coverage are due in the Administrative Office <u>no later</u> than the 20<sup>th</sup> of the month <u>prior</u> to the month of coverage. Failure to remit a timely payment will result in a termination of coverage.

These rates apply only to retirees and surviving spouses who have elected and continuously maintained coverage under the Sheet Metal Workers' Retiree Health Plan. These rates do <u>not</u> apply to retirees or surviving spouses who have initially declined or previously terminated their coverage. For current "Reinstate Rates", please contact the Administrative Office.

**Please review and retain this Summary.** The information contained within includes the current plans available, as well as the current benefits effective January 1, 2024. All benefits and self-pay contributions are subject to change.
